Safeguarding Policy

POLICY AUTHOR	CHRISTINE MEEKLEY, HEADTEACHER
RATIFIED BY THE GOVERNING BOARD	TO BE RATIFIED 22.11.16
SIGNED:	CHAIR OF GOVERNORS
TO BE REVIEWED:	SEPTEMBER 2017

At Cheadle Heath Primary School the following members of the school community hold the following positions

Designated Safeguarding Lead	Deputy Designated Safeguarding Lead	Safeguarding Governor
Christine Meekley	Tracey Vallance	Louise Skelhorn

Concerns or allegations about a member of staff or volunteer should be shared with:

Headteacher	Deputy Head (in the absence of the Headteacher)	Chair of Governors (in the event of an allegation against the Headteacher)
Christine Meekley	Tracey Vallance	Louise Skelhorn

OUTLINE

Safeguarding and promoting the welfare of children and young people is everyone's responsibility. Everyone who comes into contact with children, their families and carers has a role to play in safeguarding them and promoting their welfare. In order to fulfil this responsibility effectively, all professionals should make sure their approach is child-centred. This means that they should consider, at all times, what is in the best interests of the child.

No single professional can have a full picture of a child's needs and circumstances. If children and families are to receive the right help at the right time, everyone who comes into contact with them has a role to play in identifying concerns, sharing information and taking prompt action. In line with this understanding, any adult working or volunteering in the school community has a responsibility to recognise when a child or young person may be in need or be vulnerable in some way, and to respond to this recognition in a timely and appropriate way.

SAFEGUARDING DEFINITION:

Safeguarding and promoting the welfare of children is defined for the purposes of this guidance as: protecting children from maltreatment; preventing impairment of children's health or development; ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and taking action to enable all children to have the best outcomes.

("Working Together to Safeguarding Children" DfE 2015)

CHILD PROTECTION DEFINITION:

Child Protection is a part of the safeguarding agenda. It refers to the action that is required to be undertaken to protect children who are suffering, or are likely to suffer, significant harm.

THIS POLICY ENCOMPASSES CHILD PROTECTION.

Children includes everyone under the age of 18 (Children Act 1989 and 2004) and this is term used throughout the rest of this policy.

RATIONALE:

At Cheadle Heath Primary School we recognise the responsibility we have under Section 175 of the Education and Inspections Act 2002, to have arrangements for safeguarding and promoting the welfare of children. The Governing Board approve the S175/157 return to the LA on a yearly basis. This policy demonstrates the schools commitment and compliance with safeguarding legislation.

Staff and volunteers working in our school have a crucial role to play in noticing indicators of possible abuse or neglect and referring them to the correct persons or services for support and intervention. Everyone working or volunteering at this school is trained to recognise signs of concern and in line with this policy must report concerns following school and local authority procedures.

Staff and volunteers are updated on safeguarding issues frequently across the year – INSET days, staff meetings, emails and notices are used to disseminate training and information. These updates include learning from serious case reviews and local learning reviews on how to improve practice to prevent children from harmed.

PURPOSE:

The purpose of the policy is to ensure that the welfare of children is understood and promoted at all times. In this school we understand that the welfare of the child is paramount.

We strive to ensure that all children regardless of their age, gender, ability, culture, race, language, religion or sexual identity are protected from harm in all its forms. All staff and volunteers have an equal responsibility to act on concerns, suspicions or disclosures that lead them to suspect or understand a child may be is at risk of harm. As part of our duty of care we also work to ensure that pupils and staff involved in safeguarding and child protection issues receive appropriate support.

All staff and volunteers are required to adhere to our Code of Conduct (including the use of ICT and social media). All staff and volunteers understand what to do if there are concerns or allegations about any adult working or volunteering in our school during or outside of the normal school day.

The procedures contained in this policy apply to all staff, volunteers, sessional workers, students, agency staff or anyone working on behalf of Cheadle Heath Primary School. We expect that this policy takes primacy over other agency policies when work is being delivered on this site or on our behalf, as we maintain a duty of care to all in our school community. Any expected exception to this must be named and negotiated ahead of work being undertaken.

LANGUAGE:

Safeguarding and promoting the welfare of children refers to the process of protecting children from maltreatment, preventing the impairment of children's health or development, ensuring that children are growing up in circumstances consistent with the provision of safe and effective care and taking action to enable all children to have the best life chances.

Child Protection refers to the activity undertaken to protect specific children who are suffering, or are likely to suffer, significant harm.

Staff refers to all those working for or on behalf of the School in either a paid or voluntary capacity and will be used from this point on in this document.

Child refers to all young people who have not yet reached the age of 18.

Parent refers to birth parents and other adults who are in a parenting role including; step-parents, foster parents, carers and adoptive parents.

CONTENTS

This policy has been divided into four key areas:

- Prevention
- Procedures and Record Keeping
- Support
- Safer Recruitment

Additional materials are referenced or provided in the Appendices.

Detailed procedural guidance and additional references are available to all staff and governors here: [Greater Manchester Safeguarding Procedures](#)

PREVENTION

We will establish and maintain an ethos where:

- Children feel safe and secure in an environment which allows them to learn, and develop on a journey to achieving their full potential.
- Children understand that there are adults in the school whom they can talk to if worried, scared or facing difficulty. We will work hard to be a restorative staff team who actively listen and respond.
- Staff development and awareness in respect of safeguarding is given the highest priority across the school to ensure we all fully understand and implement the national and local agenda.
- We provide frequent, appropriate opportunities for Personal, Social and Health Education throughout the curriculum, ensuring children develop skills and understanding on their journey to adulthood which will enable them to be safe; develop the skills to recognise healthy and unhealthy relationships (both online and in the physical world); and where to find sources of support.
- Children are supported in recognising risks in various forms including on the internet. That children understand what kind of physical contact is acceptable and are able to recognise inappropriate pressure from others, including that which threatens their personal safety and well-being and give them strategies to counter this.
- Staff feel empowered to share safeguarding concerns in a swift and timely way bringing them to the attention of the Designated Safeguarding Lead (DSL) and/ or the Head Teacher. Accepting that safeguarding is the responsibility of all in our community, staff feel able to ask safeguarding questions and receive appropriate feedback following up on concerns as part of this shared responsibility to safeguard children.
- Emerging issues and themes are proactively addressed and fed back to the Local Authority (LA) and Stockport Safeguarding Children Board (SSCB), via the Senior Advisor for Safeguarding in Education (SASE) to ensure a multi-agency awareness and that strategies are developed.

- There is a clear approach to substance misuse (drugs and alcohol). Any issues of drugs and substance misuse are recorded and there are strategies to educate children appropriately delivered throughout the school and curriculum.
- We use the mechanisms and services available to understand the range of issues which may make a child vulnerable and ensure children and young people receive the most appropriate support or referral and access to other provision; actively supporting multi agency planning for those children and, in doing so, providing information about the 'voice of the child' and the child's personal experiences and perspectives as evidenced by observations or information provided.

Our school's arrangements for consulting with, listening and responding to pupils include PSHE lessons, share/worry boxes, school council reps, assemblies.

Our school's arrangements for consulting with, listening and responding to parents include the Parent Council, Parents' Evenings and parental questionnaires.

There is a commitment to the continuous development of staff with regard to safeguarding training:

- All staff access training annually with regular updates across the year.
- We undertake SSCB endorsed Basic Awareness training and all new staff, as part of their induction, access safeguarding training within the first term of their employment.
- Designated Lead attends the SSCB safeguarding training on an annual basis.
- Designated Safeguarding Lead, and/or Deputy attend the Designated Safeguarding Lead Network Meetings held each term, coordinated by the SASE, thereby enabling them to keep up to date with safeguarding practices and be aware of any concerns/themes emerging locally.

DEFINITIONS

Staff are trained and supported to understand the types of abuse that some children experience and work to the following definitions:

All schools are aware that abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases multiple issues may overlap with one another.

Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others (e.g. via the internet). They may be abused by an adult or adults or another child or children.

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development.

It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person.

It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate.

It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction.

It may involve seeing or hearing the ill-treatment of another.

It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children.

Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- provide adequate food, clothing and shelter (including exclusion from home or abandonment);
- protect a child from physical and emotional harm or danger;
- ensure adequate supervision (including the use of inadequate care-givers); ensure access to appropriate medical care or treatment.
- include neglect of, or unresponsiveness to, a child's basic emotional needs.

Children and young people who harm others: the detriment caused to children by the harmful and bullying behaviour of other children can be significant. This may involve single incidents or ongoing physical, sexual or emotional (including verbal) harm perpetrated by a single child or by groups / gangs of children. Such harm or abuse will be referred to the Multi-agency Safeguarding and Support Hub (MASSH) or Police and other agencies as appropriate and further advice and guidance sought.

ROLES AND RESPONSIBILITIES

The school will ensure that every member of staff and person working on behalf of the School:

- Knows the name of the DSL and any deputies and understands his/her role and responsibilities.
- Understands they have an individual responsibility to refer safeguarding and child protection concerns.
- Will receive training at the point of induction so that they know:
 - their personal responsibility / code of conduct / teaching standards
 - SSCB child protection procedures and how to access them
 - the need to be vigilant in identifying cases of abuse at the earliest opportunity
 - how to support and respond to a child who discloses abuse/ significant harm
 - their duty concerning unsafe practices of a colleague.
 - the DSL will disclose any information about a pupil to other members of staff **only** on a need to know basis
 - the school will undertake appropriate discussion with parents prior to involvement with other agencies wherever this is appropriate.
 - the school will ensure that parents have an understanding of their obligations re: Child Protection by intervention as and when appropriate.
 - to develop effective links with relevant agencies in relation to safeguarding (child protection)
 - to ensure that, where there are unmet needs, an assessment of early help is initiated
 - to send appropriate representatives to case conferences, core groups and child protection review meetings

We will notify any Lead Social Worker if:

- a pupil subject to a Child Protection Plan (CPP) is excluded (fixed term or permanent)
- there is an unexplained absence of a pupil on a CPP of more than 2 days or 1 day following a weekend, or as agreed as part of a CPP.
- if a child is missing and there is a need to follow Stockport's policy and any statutory guidance on Children Missing Education (CME).

SAFER USE OF THE INTERNET & DIGITAL TECHNOLOGY

including Early Years provision

Cheadle Heath Primary School recognises that in a modern learning environment, use of the Internet, multimedia devices and digital imaging facilities are part of everyday requirements. However a child/young person's safety will remain the

priority of the school.

All staff are aware that any items that have capability for use of the Internet or the creation of digital images (including mobile phones) must be used by children/young people under appropriate supervision. If any such item that belongs to a member of staff is brought onto the school site, it is the responsibility of that staff member to ensure that these items contain nothing of an inappropriate nature and that they are used in line with school policy (see Acceptable User Policy (AUP))

Children/young people are not permitted to directly access items that do not belong to the school, without appropriate risk assessments and permission being sought. The school has a separate policy on the use of personal devices which all children must adhere to.

If there is any suspicion that any multimedia device or computer contains any images or content of an inappropriate nature it will be locked, secured and, the Head Teacher or DSL should be informed immediately.

Use of mobile phones

Mobile phones have a place in settings, especially on outings when they are often the only means of contact available to settings, and can be helpful in ensuring children are kept safe.

We will:

- Only use mobile phones appropriately, and ensure staff have a clear understanding of what constitutes misuse and know how to minimise the risk.
- Ensure the use of a mobile phone does not detract from the quality of supervision and care of children.
- Ensure all mobile phone use is open to scrutiny.
- Ensure staff are vigilant and alert to any potential warning signs of the misuse of mobile phones.
- Ensure staff are responsible for their own behaviour regarding the use of mobile phones and should avoid putting themselves into compromising situations, which could be misinterpreted and lead to potential allegations.
- Ensure the use of mobile phones on outings is included as part of the risk assessment, for example, how to keep personal numbers that may be stored on the phone safe and confidential.
- Adhere to the school policy on the recording of images and the use of equipment. A copy of this can be found in the 'Policy File' located on the server.

Work mobiles

To protect children we will ensure that the work mobile:

- Is only used by allocated people.
- Is protected with a password/ PIN and clearly labelled.
- Is stored securely when not in use.
- Is not used in areas such as toilets, changing rooms, nappy changing areas and sleep areas.
- If used for taking photographs, the images are deleted regularly and are taken in line with prior written parent/carer permission.

Personal mobiles

To protect children we will ensure that personal mobiles:

- Are stored securely, out of sight of children, and will be switched off whilst staff are on duty.
- Are not used to take pictures of the children attending the setting or that images are not shared.
- Will not be used to take photographs, video or audio recordings in our setting.
- Are not used to contact parents or children –exception will only be by agreement with the SLT.

Visitors are not permitted to use mobile phones or other camera/ internet enabled devices without the express permission of the Headteacher.

Children have signed consent from their parents/ carers giving permission for the child to have a mobile and agreeing that they will stored securely and be switched off or on silent whilst in the setting. The pupil mobile phone use agreement needs to be signed and phones left in the school office.

Cameras: Photography and Images

The vast majority of people who take or view photographs or videos of children do so for entirely innocent, understandable and acceptable reasons. However, due to cases of abuse to children through taking or using images, we must ensure that we have safeguards in place.

To protect children we will:

- Obtain parents' and carers' consent for photographs to be taken used for or published (for example, on our website or displays).
- Ensure the school's designated camera is only used in the school and any images taken will not be emailed as it may not be secure. (In some instances, it may be required to seek parental permission to email images, but the potential risks must be made clear to parents).
- Ensure that children are appropriately dressed, and only use the child's first name with an image.
- Ensure that personal cameras are not used to take photographs, video or audio recordings in our school without prior explicit consent from the school, for example, for a special event.
- Ensure that all images are stored securely and password protected. Where images are stored the setting will register with the Information Commissioners Office (ICO), in accordance with data protection laws.
- Ensure where professional photographers are used DBSs, references and parental consent will be obtained prior to photographs being taken.
- Ensure 'acceptable use' rules regarding the use of cameras by children are embedded in practice. Photos taken by children are stored on Foldr and not on mobile devices such as iPads.
- Ensure the use of cameras is closely monitored and open to scrutiny.

SEXTING

'Sexting' (self-generated inappropriate images) is one of a number of 'risk-taking' behaviours associated with the use of digital devices, social media or the internet. It is accepted that young people experiment and challenge boundaries and therefore the risks associated with 'online' activity can never be completely eliminated. However Cheadle Heath Primary School takes a pro-active approach in its ICT and Enrichment programmes to help students to understand, assess, manage and avoid the risks associated with 'online activity'. The school recognises its duty of care to its young people who do find themselves involved in such activity as well as its responsibility to report such behaviours where legal or safeguarding boundaries are crossed.

There are a number of definitions of 'sexting' but for the purposes of this policy sexting is simply defined as:

- Inappropriate images or videos generated by children under the age of 18, or
- Of children under the age of 18 that are of a sexual nature or are indecent.
- These images are shared between young people and/or adults via a mobile phone, hand held device, computer, 'tablet' or website with people they may or may not know.

There are many different types of sexting and it is likely that no two cases will be the same. It is necessary to carefully consider each case on its own merit. However, it is important that Cheadle Heath Primary School applies a consistent approach when dealing with an incident to help protect young people and the school. For this reason the Designated Safeguarding Lead (or Headteacher in the absence of the DSL) needs to be informed of any 'sexting' incidents. The range of contributory factors in each case also needs to be considered in order to determine an appropriate and proportionate response. All colleagues are expected to be aware of this policy.

Further advice can be found here:

PROCEDURES AND RECORD-KEEPING

Cheadle Heath Primary School will follow [Greater Manchester Safeguarding Procedures](#) in detail and adhere to any local guidance and policies from SSCB as required.

We will ensure that:

- Safeguarding information including Child Protection information is stored and handled in line with the principles of the Data Protection Act 1998 ensuring that information is:
 - used fairly and lawfully
 - for limited, specifically stated purposes
 - used in a way that is adequate, relevant and not excessive
 - accurate
 - kept for no longer than necessary
 - handled according to people's data protection rights
 - kept safe and secure.
- Any concerns about a child will be recorded in writing as soon as possible and in any circumstance within 24 hours. **The inability to record a concern should not delay the sharing of urgent information to the DSL (police or social care if required) verbally. Written records should then be made as soon as possible.**
- All records will provide a factual, evidence-based account using the child's words. Timely, accurate recording of every episode/incident/concern/activity/actions will be made including telephone calls to other professionals. Records will be signed, dated and where appropriate, witnessed. Support and advice will be sought from Children's Social Care (via the MASSH), Senior Advisor for Safeguarding in Education (SASE) or the Local Area Designated Officer (LADO), whenever necessary.
- Hard copies of records or reports relating to safeguarding and child protection concerns will be kept in a separate, confidential file, securely stored away from the main pupil file. Authorisation to access these or electronic records will be controlled by the Headteacher and Designated Safeguarding Lead. There will be an indicator on the main file that the child has an additional record to ensure that this is not overlooked.
- There is always a DSL on hand who has the necessary seniority and skills, has undertaken appropriate safeguarding training, and is given the time to carry out this important role.

This safeguarding policy is updated annually or in line with any new DfE guidance (as required).

In the case of child protection referral the DSL will contact MASSH immediately (alongside any other emergency or support services that may be required).

In the case of poorly explained serious injuries or where behaviour or concerns arouse suspicion or if in any doubt, the Designated Safeguarding Lead should contact the MASSH for advice.

The DSL will keep written, signed and dated records detailing any disclosures and action taken as near to the time of disclosure as possible even when no investigation is undertaken; following up any verbal referral to the MASSH in writing within 24 hours.

Conversations with a child who discloses abuse should follow the basic principles:

- listen rather than directly question, remain calm
- never stop a child who is recalling significant events
- make a record of discussion to include time, place, persons present and what was said (in their own words)
- advise the child you will have to pass the information on
- never take photographs of any injury or record conversations electronically
- Never promise confidentiality to a child or adult.

Where an allegation of abuse is made against any member of staff/ volunteer, deputy or designated safeguarding person, the Headteacher will speak with the LADO at the Safeguarding Children Unit to discuss the next steps.

If the allegation is against the Head, the Chair of Governors should be contacted immediately and s/he seek advice from the LADO. If the allegation is against Head and Chair then the LADO should be contacted directly. No member of staff will conduct their own investigation or pass on information to the alleged perpetrator.

SUPPORTING VULNERABLE PUPILS

Vulnerable Pupils

Particular vigilance will be exercised in respect of pupils who are the subjects of Child Protection Plans and any incidents or concerns involving these children will be reported immediately to the lead Social Worker. If the pupil in question is a Looked After (LAC) child, this will also be brought to the notice of the Designated Teacher with responsibility for LAC, Claire McDonnell. If a pupil discloses that they have witnessed domestic violence or it is suspected that they may be living in a household, which is affected by family violence, this will be referred to the DSL. The School acknowledges the additional needs for support and protection of children who are vulnerable by virtue of disability, homelessness, refugee/asylum seeker status, the effects of substance abuse, mental health and learning disability within the family, those who are young carers, mid-year admissions and pupils who are excluded from school or subject to a managed transfer. We acknowledge that children who are affected by abuse or neglect may demonstrate their needs and distress through their words, actions, behaviour, demeanour, schoolwork or other children. The School has a strong commitment to an anti-bullying policy and will consider all coercive acts and inappropriate child on child behaviour and sexual activity within a safeguarding context.

The school will endeavour to support vulnerable pupils through:

- Its ethos and culture which promotes a positive, supportive and secure environment; giving pupils a sense of being valued.
- Its behaviour policy -aimed at supporting vulnerable pupils in school. All staff will agree a consistent approach, working to support children in developing positive behaviour.
- Liaison with other appropriate agencies which support the pupil.
- Developing supportive relationships.
- Recognition that children living in difficult home environments are vulnerable and are in need of support and protection.
- Monitoring pupil welfare, keeping accurate records and notifying appropriate agencies when necessary.
- Ensuring designated safeguarding staff and their team have the opportunity to attend face to face SSCB training and network updates. (For example safeguarding child sexual exploitation, domestic violence, drugs / alcohol substance misuse, Female Genital Mutilation-FGM, etc.)
- Ensuring information is transferred safely and securely when a pupil with a child protection record transfers to another school. Also notifying Key Workers or Social Workers where a child leaves the school (as appropriate)

EARLY IDENTIFICATION RECOGNISING AND RESPONDING TO SAFEGUARDING NEEDS

The school acknowledges the findings of Serious Case Reviews, local learning reviews and audits. Findings are shared with all staff as part of a culture of improvement and learning. The DSL ensures s/he has information from SSCB in relation to learning reviews and ensures this information is passed on to staff to promote improvement in respect of safeguarding. As part of our ongoing culture of vigilance and development we will share learning and responses from any other relevant issues to ensure we are offering the safest environment for our pupils and staff.

All staff have seen and understand the Stockport 'level of need' document (see Appendix 2) and know how to pass on any concerns no matter how 'small or low level' they seem. In accordance with local and national guidance all staff receive regular training and updates to help them identify when a child is vulnerable.

In school we have staff that are trained and can support colleagues to identify and respond to:

- Neglect
- Drug/substance/alcohol misuse (both pupil and parent)
- Child sexual exploitation / trafficked children
- Children missing education
- Domestic abuse
- Peer relationship abuse
- Peer abuse
- Risky behaviours
- Sexual health needs
- Obesity/malnutrition
- Online grooming
- Inappropriate behaviour of staff towards children
- Bullying, including homophobic, racist, gender and disability. Breaches of the Equality Act 2010.
- Self-Harm
- Female Genital Mutilation
- Forced Marriage
- Young carers
- The potential additional needs of some learners such as- Looked After Children (LAC), previously LAC, those who have Special Educational Needs or Disabilities (SEND) and children whose families are seeking asylum.
- How an Education Health Care (EHC) plan links with other safeguarding processes

The DSL and their deputy are members of the school leadership team. In line with local and national guidance they receive regular training and updates to equip them with the skills and knowledge to deliver in this role. A DSL is always available to school staff when school is open including before and after school activity.

School staff contributes to assessments and actively support multi- agency planning for children. Staff have an understanding of the Stockport Early Help Assessment (EHA) and Intervention model and make decisions based on a child's development needs, parenting capacity and family & environmental factors to support referrals.

In contributing to meetings, in addition to information about the child's academic functioning, the school provides information about the 'voice of the child' and the child's experiences of life as evidenced by observations or information provided through the multi-agency forum.

EXTREMISM AND RADICALISATION

Cheadle Heath Primary School seeks to protect children and young people from the influences of all violent extremism including, but not restricted to;

- Extremist Far Right / Neo Nazi / White Supremacist ideology
- Islamic extremist ideology
- Irish Nationalist and Loyalist paramilitary groups
- Extremist animal rights movements.

The current threat from terrorism and extremist groups in the United Kingdom may include the exploitation of vulnerable people. Groups may seek to influence vulnerable children and involve them in terrorism or in activity in support of terrorism. The normalisation of extreme views may also make children and young people vulnerable to future manipulation and exploitation.

Cheadle Heath Primary School is clear that where there is concern in respect of exploitation of this kind it will be treated as safeguarding concern.

Prevention work and reductions of risks will include the SMSC, PSHE curriculum, SEND policy, assembly policy, integration of pupils by gender and SEN, the application of the anti-bullying policy and a commitment to building and maintaining an inclusive and fair school environment and community. We will apply an appropriate school letting policy. Whilst the education of children is the prime purpose of our school it is recognised that the school operates in the wider community. Its facilities are therefore only available to local groups when this does not conflict with either the interests of its pupils or the wellbeing and workload of its staff.

SAFER RECRUITMENT & SAFER WORKING PRACTICE

The school pays full regard to DfE guidance 'Keeping Children Safe in Education' 2016 and with reference to the 'Position of Trust' offence (Sexual Offences Act 2003). We ensure that all appropriate measures are applied in relation to everyone who works in the school who is likely to be perceived by the children as a safe and trustworthy adult.

We do this by:

- Operating safer recruitment practices including appropriate Disclosure and Barring Service (DBS) and reference checks, verifying identity, academic and vocational qualifications, obtaining professional references, checking previous employment history and ensuring the person has the right to work in the UK. Our practices also include undertaking interviews and checking if individuals are barred or prohibited from working with children in accordance with DBS and Department for Education (DfE) guidance. In line with statutory guidance we maintain a single central record to evidence checks completed for staff and volunteers working in the school community. This document is reviewed termly by Esther Stronach (School Admin Officer) and Christine Meekley (HT).
- Every member of staff (including supply staff) has a 'safeguarding induction' and we ensure that staff and volunteers adhere to a published code of conduct and other relevant professional standards at all times. This extends to before and after school activities. Staff and visitors are aware of the requirements for social media/ on-line conduct. Other professionals and visitors to our school are made aware of the requirement and expectations we have in respect of safeguarding our children.

We ensure that:

- Any disciplinary proceedings against staff related to Child Protection matters are concluded in full in accordance with Government guidance "Keeping Children Safe in Education 2016" and SSCB, LADO and HR Policy, procedures and guidance.
- All staff and other adults on site are aware of the need for maintaining appropriate and professional boundaries in their relationship with pupils and parents, following the Code of Conduct.
- Adequate risk assessments are in place including for extended school/ wrap around provision, volunteers, work placements and holiday activities (directly related to school).
- Staff are clear how to raise a concern, where to find 'whistleblowing policies' and are confident to report concerns of misconduct.

GOVERNING BOARD DUTIES & RESPONSIBILITIES

The Governing Board fully recognises its responsibilities with regard to safeguarding and promoting the welfare of children in accordance with Government guidance and pays particular regard to Keeping Children Safe in Education (2016).

The Governing Board have agreed processes which allow them to monitor and ensure that the school:

- Have robust safeguarding procedures in place.
- Operates safer recruitment procedures and appropriate checks are carried out on newly appointed staff and other adults working on the school site.
- Have procedures for dealing with allegations of abuse against any member of staff or adult on site.
- Has appointed a member of the Leadership Team who is designated to take

- lead responsibility for dealing with safeguarding and Child Protection issues.
- Will take steps to remedy any deficiencies or weaknesses with regard to safeguarding arrangements.
- Is supported by the Governing Board nominating a member responsible for liaising with the LA and/or partner agencies in the event of allegations of abuse against the Headteacher; this is the Chair.
- Carries out an annual review of the safeguarding policy and procedures.
- Carries out an annual safeguarding Audit in consultation with the Governing Board, sharing this with the Stockport Safeguarding Children Board on request.

OTHER RELATED POLICIES

The school takes safeguarding seriously and understands this policy is over-arching. The school also maintains other linked policies in line with the legislative requirements; together these make up the suite of policies to safeguard and promote the welfare of children in this school.

Cheadle Heath Primary School

The staff and volunteers in our school are committed to safeguarding all our children.

We work to:

- provide a safe environment for our children
- support children and families using early intervention strategies
- notice and take appropriate action to help any of our children who are either at risk of, or are suffering from, significant harm

Our Designated Safeguarding Lead is:	Our Deputy Designated Safeguarding Lead is:
CHRISTINE MEEKLEY	TRACEY VALLANCE

If you have any concerns about the welfare of any of our children you can report them to the above named persons.

Staff and volunteers must record their concerns on:

- a note of concern form
- a physical injury/body map

These should be passed in a sealed envelope to the Designated Safeguarding Lead immediately.

Appendix 2 – Levels of Need

PROMOTING CHILDREN AND YOUNG PEOPLE'S WELL-BEING:

UNDERSTANDING LEVELS OF NEED

LEVEL 1: These are children and young people who make good overall progress in all areas of development. Broadly, these children receive appropriate universal services, such as health, care and education. They may also use leisure and play facilities, housing or voluntary sector services. These children may have a **single** identified need that can be met adequately by a **universal** service, however if further additional needs are identified a CAF will be required and step up to level 2.

1. Development Needs of Infant, Child or Young Person	
<p>Health, e.g.</p> <ul style="list-style-type: none"> • Physically well • Adequate diet/hygiene/clothing • Developmental checks/immunisations up-to-date • Regular dental and optical care • Health appointments are kept • Developmental milestones met • Speech and language development met <p>Education and Learning, e.g.</p> <ul style="list-style-type: none"> • Skills/interests • Success/achievement • Cognitive development • Access to books/toys, play <p>Emotional and Behavioural Development, e.g.</p> <ul style="list-style-type: none"> • Feelings and actions demonstrate appropriate responses • Good quality early attachments • Able to adapt to change • Able to demonstrate empathy 	<p>Identity, e.g.</p> <ul style="list-style-type: none"> • Positive sense of self and own abilities • Demonstrates feelings of belonging and acceptance • An ability to express needs age appropriately <p>Family and Social Relationships, e.g.</p> <ul style="list-style-type: none"> • Stable and affectionate relationships with care givers • Good relationships with siblings • Positive relationships with peers • Positive role models <p>Social Presentation, e.g.</p> <ul style="list-style-type: none"> • Appropriate dress for different settings • Good level of personal hygiene <p>Self-care Skills, e.g.</p> <ul style="list-style-type: none"> • Growing level of competencies in practical and emotional skills, such as feeding, dressing and independent living skills

LEVEL 2: These are children and young people whose needs require some extra support from a **targeted** intervention/service. This may be short term but requires a co-ordinated response from additional services, these children and young people will benefit from a CAF/TAC episode to ensure that needs are met and risk of escalation of need is minimised. A CAF will also ensure that information is held centrally and visible to other professionals who may also have concerns.

1. Development Needs of Infant, Child or Young Person	
<p>Health, e.g.</p> <ul style="list-style-type: none"> • Defaulting on immunisations/checks • Is susceptible to minor health problems • Slow in reaching developmental milestones • Minor concerns re diet/hygiene/clothing • Starting to default on health appointments • Teenage pregnancy <p>Education and Learning, e.g.</p> <ul style="list-style-type: none"> • Has some identified learning needs that place him/her on “School Action” or “School Action Plus” in the Code of Practice • Poor punctuality • Pattern of regular school absences • Not always engaged in learning, e.g. poor concentration, low motivation and interest observed <p>Emotional and Behavioural Development, e.g.</p> <ul style="list-style-type: none"> • Some difficulties with peer group relationships and with adults • Some evidence of inappropriate responses and actions • Can find managing change difficult • Starting to show difficulties expressing empathy 	<p>Identity</p> <ul style="list-style-type: none"> • Some insecurities around identity expressed, e.g. low self-esteem • May experience bullying around “difference” <p>Family and Social Relationships, e.g.</p> <ul style="list-style-type: none"> • Some support from family and friends • Has some difficulties sustaining relationships • Attachment issues observed <p>Social Presentation, e.g.</p> <ul style="list-style-type: none"> • Can be over-friendly or withdrawn with strangers • Can be provocative in appearance and behaviour • Personal hygiene starting to be a problem <p>Self-care Skills, e.g.</p> <ul style="list-style-type: none"> • Not always adequate self-care, e.g. poor hygiene • Slow to develop age-appropriate self-care skills

LEVEL 3: These are children and young people with increasing levels of unmet needs that are more **complex**. The depth of need with level 3 children is more significant than those experienced in level 2. Children and families may require both specialist and statutory intervention to support these needs. The CAF and subsequent TAC should be coordinated to address the needs of the child and reduce further escalation of need. The CAF will inform specialist assessments that may be required and can be used to 'step down' to level 2 (when issues have diminished) or step up to level 4 (when issues have escalated). The CAF can be led by a Lead Professional from a range of services or by a Social Worker.

Stockport Levels of Need: Visual Tool

Final Updated July 2013

Important: This tool should ALWAYS be used in conjunction with the Levels of Need document

Definitions/Abbreviations

- **CAF- Common Assessment Framework**
- **TAC- Team around the Child**
- **SFP- Supporting Families Pathway**

Step Up occurs when children's needs are escalating and outcomes are not being met despite intervention via the Team around the Child Process. In these instances the CAF and any additional, supporting evidence should be shared with Children's Social Care who will make a decision on whether the issues highlighted warrant allocation to a social worker.

Step Down – The Step Down process is an extremely important function in the journey of a child through services, in ensuring that children and families receive consistent, seamless support, at the right time and from the right range of professionals. When children have received a statutory intervention, and the family have progressed positively, it is important that the progress made is sustained and that children and families do not feel that they are being passed from 'service to service'. The Step Down process enables relevant professionals from Children's Social Care and a range of other services to support the intervention plan appropriately. CAF and TAC are crucial to the step down process as it enables the effective planning and monitoring of cases once statutory services step out of the team around the child.

What to do if you are concerned that a child is being abused

INFORMATION YOU MAY BE ASKED TO PROVIDE

When you make a referral to Children's Social Care or to the police, you should provide as much of the following information as possible:

- **Child's name, date of birth, address, telephone number and ethnic origin;**
- **Family details** - who lives in the home - and any other significant adults;
- What is causing concern and the **evidence** that you have gathered to support your concerns;
- Any **special needs** the child and/or family may have including language, disability and communication;
- Clarification of discussion with any family members if a discussion has been appropriate;
- Clarification of any ongoing assistance that you are giving to the family;
- Your name, workplace and contact telephone number.

All Child Protection referral phone calls made to the MASSH to secure a response from Social Care must be supported with written documentation. In Stockport this is the Child Protection Referral form. This should be sent to the MASSH via secure e-mail, or as a password protected attachment to cyp@stockport.gov.uk.
